Foster Tails

On January 7th, 2020, we accepted momma Trinket (a shy german shepherd cross lady) and her two pups Milo & Gizmo from Northern Troopers Dog Rescue.

Since entering their foster home January 13th, her pups have grown tremendously.

If you keep your eyes on our social media, you'll be the first to know when she and her pups become available for adoption.

Thank you to our wonderful foster families.

If you are interested in fostering cats or dogs for D'Arcy's ARC, please fill out an application on our website www.darcysarc.ca or in person at the shelter.

Pawsta Dinner

On Saturday February 22nd, our annual Pawsta Dinner Fundraiser was held at the Winnipeg Winter Club, and raised \$14 576.00.

We are so grateful for all the donors, volunteers, and supporters who attended the dinner and invested in the lives of the animals we serve.

Congratulations to the winners of the silent auction, wine raffle, and bingo rounds.

Thank you to everyone who contributed in making the night a huge success.

D'ARCY'S ARC IS PROUDLY
SPONSORED BY:

Don't Spread the Love

As pet owners, one of the most important decisions we can make for the health and well-being of our animals is the decision to have them spayed or neutered.

The benefits of these procedures not only can vastly increase the length of life of your pet, but also the quality of his or her life. Spaying helps prevent uterine infections and cancer of the mammary glands, especially in females that are spayed before their first heat cycle.

In addition, neutering in males prevents testicular cancer and prostate problems.

All of these conditions are potentially fatal and can significantly shorten the lifespan of your pet. Intact males and females are also more likely to try to escape their homes in order to find a potential mate, taking risks those that are altered may not. This can lead to unwanted pregnancies, fights among animals, and even animals being hit by cars.

Unaltered animals are also much more likely to inappropriately urinate or mark their territory (your home) with strong smelling urine.

The cost of a spay or neuter is ultimately a very small price to pay for preventing over population and for the long term health and happiness of any animal in your care.

Alumni Stories

Mishka

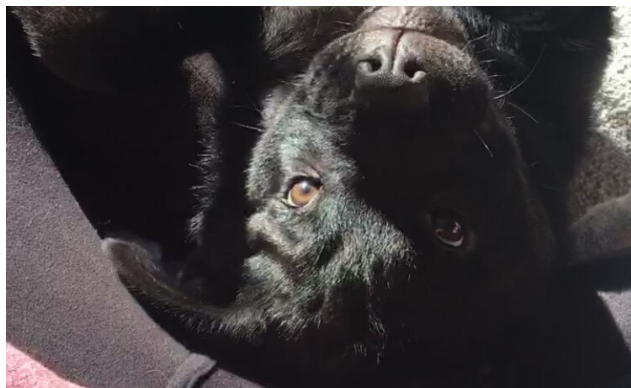

After being found stray near Lake Manitoba by Northern Troopers Animal Rescue, Mishka (formerly known as "Derby the 30th") came into our care at the ARC January 10th.

After being vet checked, she was promptly adopted by one of our dog volunteers who has another of our alumni, Shinook.

Mishka & Shinook love to distract their fur mom from her studies, and to cuddle with their cat brothers Smokie, Tigger & Midnight.

Happy tails, Mishka!

Please send your ARC alumni photos to info@darcysarc.ca to be featured!

CANINE CHARACTERS

Murray is an extremely intelligent and energetic man that makes friends wherever he goes. He is fun loving, and enjoys all kind of toys and treats.

Due to his unique behavioral challenges, he will require a very experienced and understanding home (without cats or young children) in order to flourish. He is currently attending swimming lessons and gym sessions with one of his human friends.

If you are looking for a dog full of character Murray is most definitely your man.

If you have any questions about Murray please feel free to drop by the shelter or give us a call at (204) 888-2266.

VOLUNTEERS WANTED

The work we do at D'arcy's ARC wouldn't be possible without our army of over 70 volunteers.

Tess and Hannah are both amazing, vibrant, exuberant volunteers that went to the same school, but didn't really know each other till they started volunteering together late 2017. Now they bring their light, easy breezy, uplifting attitudes to our shelter. Not only do they brighten the day of the animals, but the staff benefit from their jokes and kooky antics too.

Do you want to join the team? We are looking for volunteers to help in various areas of the shelter, from animal care to special events.

Volunteer applications can be found at

www.darcysarc.ca or hard copies can be found at the shelter!
